Little Blue Valley Comprehensive Plan Update

Table of Contents

Page

Executive Summary . . . . . I - XIV

Introduction 1

Project Background 1
Study Area 1

Chapter 1: Existing Area Characteristics 3

A. Existing Land Use 3
B. Property Ownership 3
C. Existing Utilities 9
D. Existing Zoning 9
E. School Districts 10
F. Development Opportunities/Constraints 17
F.1 Assets 18
F.2 Liabilities 18
F.3 Logical Development Areas 19
G. Market Potential 23
G.1 Overview 23
G.2 Key Assumptions 24

Chapter 2: Planning Process 25

Chapter 3: Strategic Questions 29

A. Why does the City need to expand in this area? 29
A.1 Development Long Anticipated 29
A.2 More Efficient Use of Municipal Services 29
A.3 Compete Better for Economic Development 29
A.4 Consistent with Strategic Goals 30
A.5 Bring Revenues in Line with Expenses 30

B. How do you allow development and still keep rural character? 30
B.1 Substantial Area Already Protected 30
B.2 Careful Planning Will Preserve Additional Areas 30
B.3 Phase Development Logically and Incrementally 30
B.4 Employ Proven Site Planning Techniques 31

C. How do you balance the interests of the existing city with the Little Blue Valley? 31
C.1 Focus on Economic Development 31

C.2 Increase City Revenues 31
C.3 Maintain Strong Ties Between Old and New 31

D. How do we improve the image/role of Independence within the Region? . 32
D.1 Use Little Blue Valley Development to Create More Positive Impression 32
D.2 Upgrade Public Environment 32

E. What is the timing, alignment, and design of the Little Blue Parkway (LBP)? 32
E.1 Alternative Land Use Possibilities Affect Proposed Parkway 32
E.2 Complete the Initial Segment (39th Street to R.D. Mize Road) within Five Years 33
E.3 New Road Will Improve Competitiveness 33

F. What is the most cost-effective way to extend infrastructure? 33
F.1 Full Use of Existing System 33
F.2 Expand System Only as Needed 33
F.3 Extend Existing Open Space Network as Development Progresses 33
F.4 Coordinated Systematic Expansions 34

Chapter 4: Issues and Goals 35

A. Land Use 36
A.1 Balanced Growth 36
A.2 Mixed Use Development 37
A.3 Community Design 37
A.4 Integration with Independence 37
A.5 Enhancement of Existing Development 38
A.6 Agricultural Preservation 38

B. Transportation 39
B.1 Little Blue Parkway (LBP) 39
B.2 Secondary Roads 40
B.3 Public Transportation 40
B.4 Pedestrian/Bicycle Routes 40
B.5 Air Transportation 41

C. Community Facilities and Services 41
C.1 Education 41
C.2 Parks and Recreation 42

Chapter 6: Refined Concept Plan 79

A. Plan Summary 79
- A.1 Little Blue Parkway 79
- A.2 Truman Boulevard 80
- A.3 Other Roads 80
- A.4 Town Center 80
- A.5 Non-Residential Development 80
- A.6 Flood Plain 80
- A.7 Village Centers 81
- A.8 Residential Development 81
- A.9 Open Space 81

B. Balanced Development 81

C. Mixed Use Development 86

D. Phasing Strategy 88

E. Impact on School Districts 89

Chapter 7: Implementation Strategy 93

A. General Concepts for Implementation 93
- A.1 Comprehensive Zoning for all or part of the study area. 93
- A.2 Consistency of comprehensive zoning and subsequent piecemeal rezoning approvals with the Comprehensive Plan land use goals and designations. 94
- A.3 Special zoning designations to guarantee orderly phasing and buildout of the larger land holdings in the Little Blue Valley. 95
- A.4 Designate measures to guide development in efficient patterns. 100
- A.5 Adopt a balanced, multi-modal transportation plan that also accommodates pedestrian needs to increase the appeal of the Little Blue Valley. 100
- A.6 Major Roadway Network 101
- A.7 Better local road and street design and road frontage treatments 102
- A.8 Importance of tree planting 105
- A.9 Increased open space requirements for residential and nonresidential developments; guarantee that public open space is usable, high quality 105

Table of Contents
(Continued)

A.10 Enhanced measures to protect flood plain, stream valley and related environmental resources 107
A.11 Agricultural and rural landscape protection incentives 108
A.12 Incentives to preserve historic resources and incorporate them sensitively into new development as landmarks and reminders of Little Blue Valley's heritage 109

B. Specific Implementation Measures 111

B.1 Land Use 111
B.2 Transportation 115
B.3 Community Facilities and Services 118
B.4 Utilities and Infrastructure 120
B.5 Environmental and Cultural Resources 122
B.6 Economic Development 124

Tables

1. 2020 Absorption Assumptions 51
2. Development Densities 53
3. 1993 Comprehensive Plan (Concept Alternative 1) Designations 54
4. Concept Alternative 1 Holding Capacity 60
5. Concept Alternative 2 Land Use Designations 64
6. Concept Alternative 2 Holding Capacity 67
7. Concept Alternative 3 Land Use Designations 71
8. Concept Alternative 3 Holding Capacity 75
9. 2020 Estimated Revenues and Expenses 82
10. Refined Concept Plan Holding Capacity 85
11. Development Distribution: Independence School District 90
12. Development Distribution: Blue Springs School District 91
13. Development Distribution: Fort Osage School District 92

Figures

1. Plan Area 2
2. Existing Land Use 5
3. Property Ownership 7
4. Existing Utilities 11
5. Existing Zoning 13
6. School Districts 15
7. Development Opportunities/Constraints 21
8. Work Process and Schedule 27
9. Concept Alternative 1 57
10. Concept Alternative 2 65
11. Concept Alternative 3 73
12. Little Blue Valley Land Use and Major Street Plan 83
13. Minimum Employment Scenario (Mixed Use) 86
14. Maximum Employment Scenario (Mixed Use) 87
15. Eastern Independence Major Street Plan 103
16. Implementation Matrix 127
