

Residential (R)

AVAILABILITY: Electric service is available under this schedule to single-family dwelling units and individually metered apartments for all domestic uses in the entire area served by the Department's existing secondary voltage distribution system.

SEASON PERIOD: Periods are defined by the date when the customer's meter is read. The summer season contains read dates from June 1st through October 31st. The winter season contains read dates from November 1st through May 31st.

TERMS OF SERVICE: Service rendered under this schedule is subject to the Department's standard rules and regulations.

TERM OF CONTRACT: Contracts under this schedule shall be for a period of not less than one year from the effective date thereof.

RATE OPTIONS: Customers may move to the Residential (R) rate, effective October 1, 2020. Existing customers and account prior to October 1, 2020 may remain on qualifying frozen residential rates until a customer moves accounts or submits a request to the Department to be placed on the Residential (R) rate.

NOTE: All frozen rates will sunset within three years of the implementation of new rate structures outlined herein, with all accounts being transitioned by October 2023.

Residential (R)
