

## **Residential Space Heating (RSH)**

AVAILABILITY: Electric service is available under this schedule, in the entire area served by the Department's existing secondary voltage distribution system, to single family dwelling units or apartments that have qualifying permanently installed electric space heating. The electric space heating equipment must be the primary source of heating and it must be able to provide whole house or apartment heating.

SEASON PERIOD: Periods are defined by the date when the customer's meter is read. The summer season contains read dates from June 1<sup>st</sup> through October 31<sup>st</sup>. The winter season contains read dates from November 1<sup>st</sup> through May 31<sup>st</sup>.

TERMS OF SERVICE: Service rendered under this schedule is subject to the Department's standard rules and regulations.

TERM OF CONTRACT: Contracts under this schedule shall be for a period of not less than one year from the effective date thereof.

RATE OPTIONS: Customers may move to the RSH rate, effective October 1, 2020. Existing customers and accounts prior to October 1, 2020 may remain on qualifying frozen rates until a customer moves accounts or submits a request to the Department to be placed on the Residential Space Heating (RSH) rate.

NOTE: All frozen rates will sunset within three years of the implementation of new rate structures outlined herein, with all accounts being transitioned by October 2023.

**Residential Space Heating (RSH)**

*Available to all customers, effective October 1, 2020*
