**Independent Auditors' Report On Internal
Control Over Financial Reporting And On
Compliance And Other Matters Based On An Audit
Of Financial Statements Performed In Accordance
With *Government Auditing Standards***

The Honorable Mayor and Members
of the City Council
City of Independence, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Independence, Missouri (the City) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 19, 2020. Our report includes a reference to other auditors who have audited the financial statements of Silverstein Eye Centers Arena included in the Events Center major enterprise fund, as described in our report on the City's financial statements. The financial statements of the Silverstein Eye Centers Arena were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2019-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2019-002 and 2019-003 to be significant deficiencies.

Compliance And Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the City in our auditor communications dated May 19, 2020.

The City's Responses To Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on them.

The Honorable Mayor and Members
of the City Council
City of Independence, Missouri

Purpose Of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report On Compliance For
Each Major Federal Program; Report On Internal Control
Over Compliance; And Report On Schedule
Of Expenditures Of Federal Awards
Required By The Uniform Guidance**

The Honorable Mayor and Members
of the City Council
City of Independence, Missouri

Report On Compliance For Each Major Federal Program

We have audited the City of Independence, Missouri's (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2019. The City's major federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion On Major Federal Programs

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2019-004. Our opinion on each major federal program is not modified with respect to these matters.

The City's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs and corrective action plan. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report On Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2019-004 that we consider to be a significant deficiency.

The City's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs and corrective action plans. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The Honorable Mayor and Members
of the City Council
City of Independence, Missouri

**Report On Schedule Of Expenditures Of Federal Awards Required By The
Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated May 19, 2020, which contained unmodified opinions on those financial statements. Our audit report included a reference to other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

June 30, 2019

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Independence, Missouri (the City) for the year ended June 30, 2019. All federal awards received directly from federal agencies, as well as federal awards passed through other governmental agencies, are included on the schedule of expenditures of federal awards. The information presented in this schedule is in accordance with the requirements of the Uniform Guidance. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the financial statements.

2. Significant Accounting Policies

Expenditures of federal awards are recognized under the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribe Governments*, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business.

3. Indirect Cost Rate

The City has elected not to use the 10 percent de minimus indirect cost rate allowed under the Uniform Guidance.

CITY OF INDEPENDENCE, MISSOURI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

June 30, 2019

Section I - Summary Of Auditors' Results

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with generally accepted accounting principles:

Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? yes no
- Significant deficiency(ies) identified that are not considered to be material weakness(es)? yes none reported

Noncompliance material to financial statements noted?

yes no

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? yes no
- Significant deficiency(ies) identified that are not considered to be material weakness(es)? yes none reported

Type of auditors' report issued on compliance for major programs:

Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?

yes no

Identification of major programs:

<u>Name Of Federal Program Or Cluster</u>	<u>CFDA Number</u>
U.S. Department Of Housing And Urban Development Community Development Block Grants/Entitlement Grants	14.218
U.S. Department Of Transportation Highway Planning and Construction	20.205

Dollar threshold used to distinguish between type A and type B programs:

\$750,000

Auditee qualified as low-risk auditee?

yes no

CITY OF INDEPENDENCE, MISSOURI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (*Continued*)

June 30, 2019

Section II - Financial Statement Findings

2019-001

Material Weakness

Criteria: Effective cash management and reporting includes a timely reconciliations of cash and investments between the amounts reported by the banks and custodians and the amounts reported as held by the City in the general ledger.

Condition: Cash related to utility deposits had not been effectively reconciled between the bank statement and the general ledger during the 2019 fiscal year. During the fiscal year, the monthly bank statements presented balances that exceeded the general ledger balances, and the difference between the bank and the general ledger increased each month relative to the prior month. Customer deposits were being accounted for only in the utility billing system and not in the general ledger. Staff communicated to us they were aware of the variance. In October of 2019, the City posted \$1.82 million of correcting entries that were identified by the City in order to complete the reconciliation.

Cause: During the implementation of the utility billing system, cash received related to utility deposits was not set up to increase cash accounts in the general ledger.

Effect Or Potential Effect: Reconciliations between the bank balances and the City general ledger were not completed during 2019 for the Utility funds which prevented the City from providing a general ledger that was accurately stated with regard to cash until the correcting entries were posted in October 2019.

Views Of Responsible Officials: Both the utility billing system and MUNIS accounting system were implemented at approximately the same time. Bridging the two systems was not included in the project scope of either implementation and therefore was not completed as part of go-live of MUNIS on 7/1/2018. Staff continues to work on a solution to automatically bridge the utility billing system to the financial system. Even though the deposit information was not directly transferred from utility billing to the financial system, staff was tracking the variance and was aware of the funds in the banking account not being booked into the financial system.

2019-002

Significant Deficiency

Criteria: Accountability for use of public resources is a primary element of an internal control system within a government.

CITY OF INDEPENDENCE, MISSOURI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (*Continued*) JUNE 30, 2019

Condition: The City procurement policies leave the City susceptible to questions of accountability in the award process because documentation that includes the technical evaluation of bidders and rationale of making awards is not necessarily retained in all procurement files.

Cause: For purchases using non-Federal funds, the City applies its own procurement standards, rather than a well-established framework that meets the requirements of the Federal guidelines contained in the Code of Federal Regulations in sections 2 CFR 200.318 through 200.326.

Effect Or Potential Effect: The City could make purchases that do not contain the clarity and depth of documentation that would be required when using federal funds. One area where certain city files are not consistent with federal standards is a requirement to include documentation of justification of when low bids are not selected. A second area where the City could strengthen its procurement process to be consistent with federal guidelines would be to require that technical evaluation criteria is explicitly included in the request for proposals as well a requirement that there is clear documentation included in the procurement files of the City of the evaluation of the respondent against the technical criteria. Additionally, although the City has standards of conduct covering organizational conflicts of interest contained in the Charter of the City of Independence, for purchases above a certain threshold, the City should consider having individuals responsible for making the procurement decision reaffirm their lack of conflicts of interest with regard to the specific purchase.

Views Of Responsible Officials: Staff concurs that the City's procurement policy should reflect the increased requirements required for federal grant expenditures. The major difference between the two will be adding a provision to the policy that formalizes the staff practice of having vendor procurement files include the scores used in vendor selection.

2019-003

Significant Deficiency

Criteria: All transactions occurring during the period must be recorded in the general ledger, and subsequently, must be recorded in the financial statements for the period covered by the report.

Condition: When Munis was initially implemented July 1, 2018, functionality included within MUNIS was not set up to be used to prepare the financial statement directly from information in the general ledger. Instead, the financial statement was prepared using account balances maintained in MUNIS with manual groupings completed outside of MUNIS.

CITY OF INDEPENDENCE, MISSOURI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (*Continued*) JUNE 30, 2019

Cause: Full integration of MUNIS as it pertains to financial statement preparation was not completed in the current year.

Effect Or Potential Effect: Due to the manual nature of preparing the financial information, additional reconciling schedules were required to be prepared by the City to demonstrate the completeness of the inclusion of information from the general ledger to the financial statements. A potential effect is that an unintentional error due to manual input into the financial statements would not be detected timely.

Views Of Responsible Officials: Before implementation of MUNIS, the City was using an outdated customized accounting program. The program was becoming more unstable and the staff that wrote and maintained the software retired increasing the possibility of a failure of the system. Therefore management decided to implement the core MUNIS accounting system quickly without full functionality in an effort to mitigate the risk that the City would be left without basic accounting capabilities if the legacy system failed.

CITY OF INDEPENDENCE, MISSOURI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (*Continued*)

June 30, 2019

Section III - Federal Award Findings And Questioned Costs

Finding 2019-004 – Significant Deficiency

CFDA: 14.218 – Community Development Block Grants/Entitlement Grants

Federal Award No. B-14-MC-29-0002, B-15-MC-29-0002, B-16-MC-29-0002, B-17-MC-29-0002, and B-18-MC-29-0002

U.S. Department Of Housing and Urban Development (HUD)

Compliance Requirement: Reporting

Criteria: *Federal Financial Report (FFR) (SF-425/SF-425A (OMB No. 0348-0061)):* Recipients use the FFR as a standardized format to report expenditures under Federal awards, as well as, when applicable, cash status. OMB requires submission of the SF-425 report in an effort to obtain financial information from the recipients of Federal funding assistance. HUD must collect and review this report for compliance with applicable requirements. The reporting frequency is quarterly.

Condition/Context: In our non-statistically valid sample, we noted in both instances of the two tested where the City did not submit the SF-425 reports by the required deadline. One report was 366 days past the deadline, and the other report was 93 days past the deadline. The City did not properly implement internal controls over the reporting compliance requirements to ensure that SF-425 reports were filed timely.

Effect: The City failed to meet the required deadline for a report submission. The local field office did not receive the information in the form SF-425 in a timely basis.

Questioned Costs: None.

Identification As A Repeat Finding: This is not a repeat finding in an immediately prior audit period.

Recommendation: The City should implement review procedures over reporting and formalize the report submission process to ensure compliance.

Views Of Responsible Officials: Refer to Corrective Action Plan.

Finding 2019-001

Personnel Responsible For Corrective Action: Nancy Cooper, Accounting Supervisor

Anticipated Completion Date: Completion date for correcting entries was October 16, 2019. Planned completion of reviewed reconciliation reporting system is May 31, 2020

Corrective Action Plan: Staff now performs a monthly reconciliation that properly accounts for all funds in the City's banking accounts. Further action is for a detailed reconciliation report to be prepared by the Accountant II and reviewed by the Accounting Supervisor.

Finding 2019-002

Personnel Responsible For Corrective Action: Bryan Kidney, Director of Finance and Administration

Anticipated Completion Date: Planned completion of recommended procurement policy is June 30, 2020.

Corrective Action Plan: Staff will bring forward a recommended procurement policy to the governing body that encompass the guidelines contained in the code of Federal Regulations in sections 2 CFR 200.318 through 200.326.

Finding 2019-003

Personnel Responsible For Corrective Action: Cindy Gray, Chief Finance Officer

Anticipated Completion Date: June 30, 2021.

Corrective Action Plan: Staff will complete the full implementation of MUNIS.

Finding 2019-004

Personnel Responsible For Corrective Action: Nancy Cooper, Accounting Supervisor

Anticipated Completion Date: Completion date was November 30, 2019.

Corrective Action Plan: The City fell behind on filing the quarterly SF425 reports due to staffing shortages. Current staff have been trained and realize the importance of timely filing. The City has filed the quarterly SF425 reports, and have reminders set up in their calendar system.

CITY OF INDEPENDENCE, MISSOURI

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
For The Year Ended June 30, 2019

None
