Purpose

Disorder Control Operations: Effectively Dealing with Civil Disorder, Riots, Protests, & Demonstrations - Train the Trainer Course

How did the travel apply to the job?

Recognizing tactics used by protesters, how to respond to incidents and tactics used, mutual aid regarding incidents, community relations, protecting rights/property, and how to deploy resources in incident.

How did training add value to the city?

I wish to attend this training to have a better understanding on how to handle crowd control/riot situations. I believe this training is very important due to current issues across the United States. It seems like more citizens are protesting rioting for their beliefs. This training would allow us to have personnel trained in how to respond and handle these incidents.
