Revenue Manual

April 18, 2007

HONORABLE MAYOR, CITY COUNCIL AND CITY MANAGER:

This document reflects the 2007-2008 Revenue Estimate of the City of Independence, historical revenue data, analytical comparisons, and detailed information regarding the City's major revenue sources.

A great deal of effort is expended in an attempt to make the revenue estimates as accurate as possible. Various economic indicators are reviewed and evaluated with regard to the impact that they might have on Independence. Those economic indicators include but are not limited to CPI index (measure of inflation), unemployment, inventory levels, and growth in retail sales regionally and nationally. Numerous publications are monitored continuously, looking for indications from analysts as to what is happening and will happen in the economy.

In many cases, actual numbers are provided from outside agencies like assessed real property values, grant amounts, rate changes, new major businesses opening, etc. In many other cases estimates are based on criteria that can change dramatically from one year to the next. One example is the natural fluctuations in weather. Fuel costs during the peak heating and cooling seasons have a dramatic impact on utilities serving Independence residents. Also, precipitation may also have a significant impact on revenues of the Water and General Funds.

In addition to gathering and analyzing data, actual data for the period up to and including March 2007 are utilized. Also, information received from various department directors, key personnel, and individuals from other organizations that generate or impact City revenues is employed. Where future revenues can be predicted by past history, five years or more of accumulated data are analyzed with regression analysis and other forms of statistical analysis. The above-mentioned methods are combined to arrive at the best estimates possible.

This process has proven very effective in recent years with variances from original estimates typically falling in the area of 3%. For example, original budgeted revenue in the General Fund for the fiscal year ended June 30, 2006 was \$62,334,843 and actual revenue was \$64,197,496, or a 2.99% variance of \$1,862,653.

In the current fiscal year, original revenue estimates for the General Fund were \$66,114,003. Through March, these had been modified by Council action to \$66,190,942. Given the current revised estimated revenues of \$66,024,198, the projected variance from the amended revenue budget is \$166,744 or 0.25%.

Considering that estimated revenues are the foundation upon which the operating budget is built, this kind of accuracy is critical to the financial health and proper management of the City.

The following summary reflects original and revised estimates of total revenue by fund for fiscal year 2006-2007 and projections for fiscal year 2007-2008:

I will be available to discuss any questions you may have regarding this information.

I. Introduction

REVENUE MANUAL PURPOSE

This Revenue Manual was created to provide information and understanding regarding the sources, authority and amounts of revenue received by the City of Independence. The manual is updated as of the printing date with changes in the laws, rates, and sources pertaining to revenue.

CITY REVENUE POLICY

Beginning early in each calendar year, City personnel compile the proposed budget based on anticipated service needs, program objectives, and considering estimated revenues. This process attempts to identify expected services, programs, and projected improvements needed by the community and compares these needs with the anticipated available revenue. The revenue component of the proposed budget must include an identification of the various revenue sources to be used in funding municipal services, and the forecast of estimated revenue each source will produce.

The changing economic conditions locally and nationally may cause changes in the proposed budget. A continuation of services provided by the municipality will depend on how quickly management recognizes these changes and reacts to them. Therefore, the City's proposed budget is always based on the most current economic information available and an analysis as to how this will impact the City's revenue.

REVENUE MANUAL CONTENTS

Section II contains a comparison of original and revised estimated revenues for the current fiscal year, as well as actual revenue for the four prior years.

Section III contains descriptive information of each revenue source. Following is a summary of the information provided in the order it appears on the form:

Revenue Source: The standard identifying title as it appears in the City's Chart of Accounts.

Authorization: A law or an administrative policy which authorizes the City to collect a specific amount of revenue from a specific source.

Account and Distribution of Revenue: Monies are designated to the various funds (General, Power & Light, etc.) and the account code designates the revenue account.

Description, Rate, Legal Limit: An explanation of why the revenue source exists and what services the City provides in exchange for the receipts. The charges assessed for various services, or the formula used to generate any given revenue are explained, as well as any applicable legal limits.

Projection: The method used to estimate revenue.

SUMMARY

Each new year brings with it the challenge of meeting seemingly limitless needs and expectations for City services with limited resources. As these needs increase, it becomes even more important to estimate revenues with maximum possible accuracy. Finance Department staff have done thorough research, analysis and interviewing to attempt to make the revenue estimates portrayed herein the most accurate possible given the numerous unknown, variable and volatile criteria involved.

III. Revenue Sources

REVENUE MANUAL

REVENUE SOURCE: Real Estate Tax - **ACCOUNT:** 3011
Current and Delinquent

AUTHORIZATION: Ordinance 16441 of 08/21/06

DISTRIBUTION OF REVENUE: General Fund (Taxes levied for public health and recreation purposes are reported within the General Fund)

DESCRIPTION, RATE, LEGAL LIMITS:

Real Estate Tax is a tax on all real property subject to taxation within the corporate limits of the City of Independence, Missouri. The levies are for general municipal purposes, for the retirement of general obligation bonds, and for the public health and recreation grounds purposes.

The following is the assessed valuation of taxable property for Independence as of 1/1/06:

Real Property	
Jackson County	\$1,046,894,736
Clay County	3,940
Railroad and Utility Property	5,797,270
 Total Current Valuation	 \$1,052,695,946

The general formula used to figure real estate tax is as follows:

Assessed Valuation divided by 100 multiplied by Tax Levy = Tax Amount

Tax rates for general and public health and recreation purposes are limited by Missouri Statutes to \$1.00 and \$.40 per \$100 assessed valuation, respectively. There is no limit on the levy rates for the retirement of general obligation debt.

The levy rates established by Ordinance are as follows:

General Municipal Purposes Levy	\$.4507/\$100 Assessed Valuation
Public Health and Recreation	
Grounds Levy	.2122
General Obligation Debt Levy	<u>.0000</u>
	\$.6629/\$100 Assessed Valuation

PROJECTION:

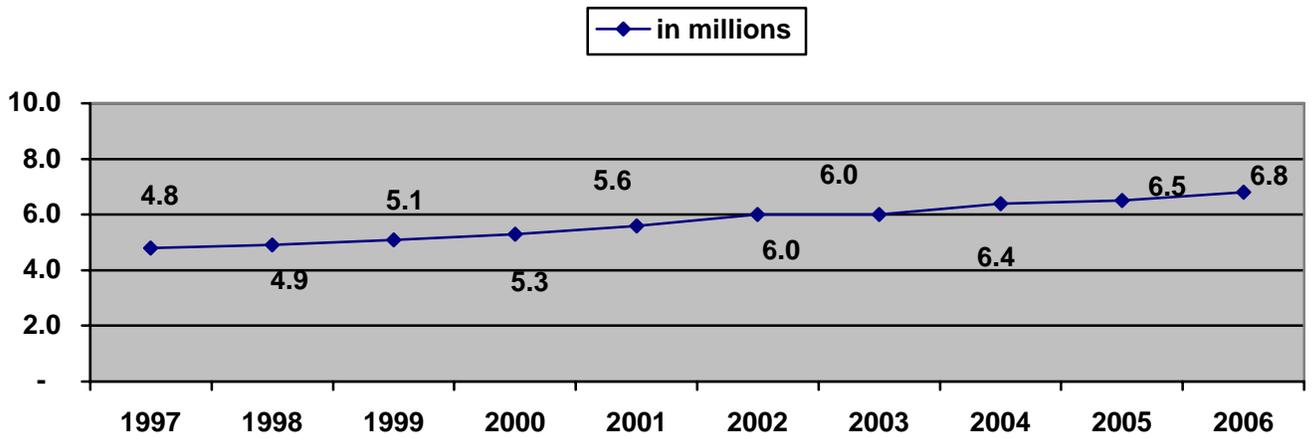

The estimate is calculated by combining preliminary real estate assessed values provided by Jackson and Clay counties with estimates of new construction provided by the Community Development Department. This total is then multiplied by the current levy, the result is reduced by a 1.6% county collection fee and 1.5% allowance for uncollectible taxes.

REVENUE SOURCE: Railroad and Other Utilities

ACCOUNT: 3013

AUTHORIZATION: Missouri Statute – Chapters 151 and 153

DISTRIBUTION OF REVENUE: General Fund (Taxes levied for public health and recreation purposes are reported within the General Fund.)

DESCRIPTION, RATE, LEGAL LIMITS:

The assessment by the Missouri State Tax Commission is based on length of railroad track or utility lines as furnished by the companies and all other movable property owned or leased (real and personal property) in the City on January 1 of each year. The City certifies the levy rate to Jackson County. The County remits collected amounts to the City less 1.6% collection fee and ½% for their assessment fund.

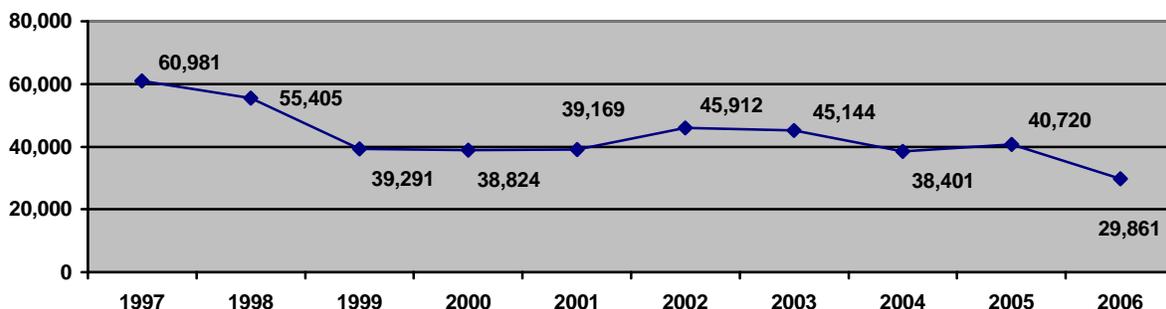

The aggregate assessed valuation of railroad and utility property as of 1/1/06 was \$5,797,270. The City's tax levy is only on the real estate portion of the assessed valuation; personal property is not included. The general formula used to figure the tax is as follows:

$$\text{Assessed Valuation divided by 100 multiplied by Tax Levy} = \text{Tax Amount}$$

PROJECTION:

The estimate is based on historical data of both state and locally assessed real estate valuation of railroad track or utility lines in the City and the current rate of the tax levy. Consideration is also given to account for the new construction.

City Code 5.12.004

DISTRIBUTION OF REVENUE: General Fund

DESCRIPTION, RATE, LEGAL LIMITS:

Every retailer is to pay a tax on all cigarettes sold, offered, delivered, or displayed for sale including those offered through the use of vending machines within the City.

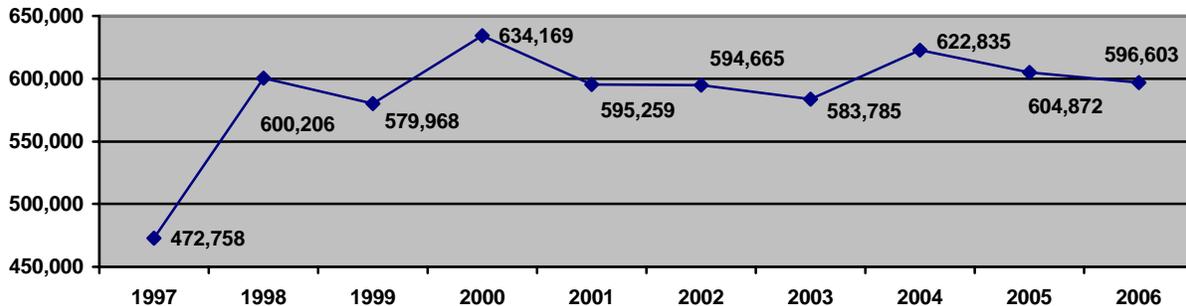

The cigarette tax rate is \$2.50 per thousand for each and all cigarettes sold.

Effective January 1, 1997, the City no longer requires the placing of a physical stamp on cigarette packages. A reporting method was developed whereby those selling cigarettes submit a monthly report to the Finance Department accompanied by payment of the respective tax. The 10% discount for stamp handling costs was eliminated at the same time.

PROJECTION:

The estimate is based upon historical data of tax receipts and annual surveys prepared by the Tobacco Institute.

Ordinance 15054 of 2/19/02

City Code 5.03.003

DISTRIBUTION OF REVENUE: Tourism Fund

DESCRIPTION, RATE, LEGAL LIMITS:

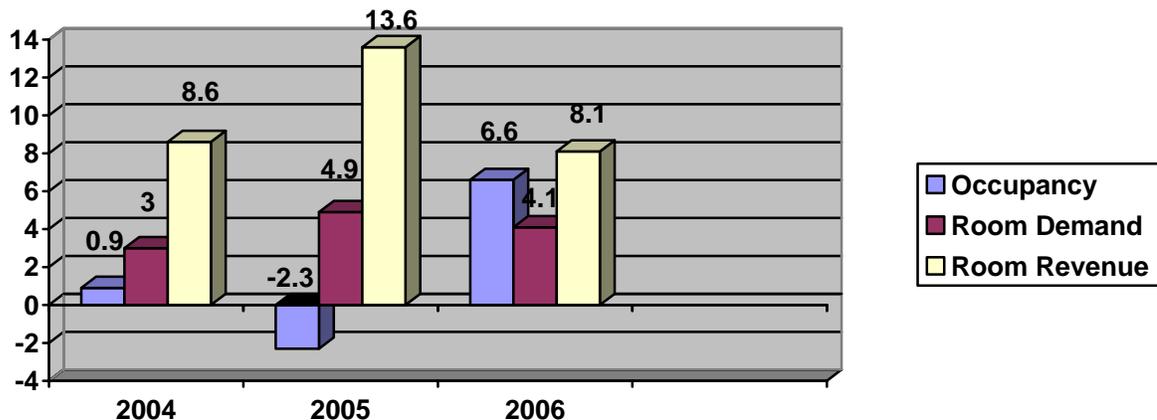

A tax is to be paid on the gross daily rent due from or paid by transient guests of all hotels and motels, bed and breakfast inns and campgrounds. Each operator will, on or before the twentieth day of the month following the close of each month, make a return of taxes collected for transient occupancy. At the time the return is filed, the full amount of the tax collected is to be remitted.

Transient guests of all lodging facilities pay a tax rate of 6.5% of the gross daily rent. The tax was increased from 3% to 5% effective August 6, 1979 and from 5% to 6.5% by public vote on February 2, 2002. The tax-reporting period changed from quarterly to monthly in September 1982. A revision was made to the Code, to allow businesses with an average monthly payment of less than \$150.00 to pay on a quarterly basis.

PROJECTION:

Estimates are based upon historical data with consideration given to changes in the number of hotel rooms, the average price per room, and the average vacancy rate for hotels in the area. Information is also obtained from the Tourism Department about any special upcoming community events.

DESCRIPTION, RATE, LEGAL LIMITS:

Special Assessments are tax bills assessed against property owners for work levied by the City of Independence. The following constitutes the general special assessment situations:

1. Public hearings are held to assess the public necessity of the construction of sanitary sewers and water lines within a defined district. Once construction is completed, the costs are apportioned to all lots and pieces of ground lying in that sanitary sewer district or water district.
2. When the City incurs expenses in conjunction with abatement for repairs of curbs and/or sidewalks and the bill for such work remains unpaid for 30 days, a special tax bill is assessed and shall bear interest at a rate not to exceed the rate on a ten (10) year treasury note.

In the situations above, the cost of any public improvement, which is to be charged to a benefited parcel of land, may be paid in either ten (10) annual installments or five (5) annual installments as **required** by the City.

3. When the City incurs expenses in the abatement of any weed/refuse violation, repair or safety hazard demolition of any building done pursuant to the provisions of the Property Maintenance Code and the bill for such work remains unpaid for 30 days, a special tax bill shall be assessed as a lien against the lot or parcel of land abated. These assessments are due at the same rate and in the same manner as ordinary property taxes are collected. The lien shall continue until the assessment and all interest due and payable are paid.

On March 1, 1992, the City and Jackson County arrived at an understanding that allowed Jackson County to provide billing and collection for special tax bills and retain 1% as a fee for this service.
