I. Introduction

REVENUE MANUAL PURPOSE

This Revenue Manual was created to provide information and understanding regarding the sources, authority and amounts of revenue received by the City of Independence. The manual is updated as of the printing date with changes in the laws, rates, and sources pertaining to revenue.

CITY REVENUE POLICY

Beginning early in each calendar year, City personnel compile the proposed budget based on anticipated service needs, program objectives, and considering estimated revenues. This process attempts to identify expected services, programs, and projected improvements needed by the community and compares these needs with the anticipated available revenue. The revenue component of the proposed budget must include an identification of the various revenue sources to be used in funding municipal services, and the forecast of estimated revenue each source will produce.

The changing economic conditions locally and nationally may cause changes in the proposed budget. A continuation of services provided by the municipality will depend on how quickly management recognizes these changes and reacts to them. Therefore, the City's proposed budget is always based on the most current economic information available and an analysis as to how this will impact the City's revenue.

REVENUE MANUAL CONTENTS

Section II contains a comparison of original and revised estimated revenues for the current fiscal year, as well as actual revenue for the four prior years.

Section III contains descriptive information of each revenue source. Following is a summary of the information provided in the order it appears on the form:

Revenue Source: The standard identifying title as it appears in the City's Chart of Accounts.

Authorization: A law or an administrative policy which authorizes the City to collect a specific amount of revenue from a specific source.

Account and Distribution of Revenue: Monies are designated to the various funds (General, Power & Light, etc.) and the account code designates the revenue account.

Description, Rate, Legal Limit: An explanation of why the revenue source exists and what services the City provides in exchange for the receipts. The charges assessed for various services, or the formula used to generate any given revenue are explained, as well as any applicable legal limits.

Projection: The method used to estimate revenue.

SUMMARY

Each new year brings with it the challenge of meeting seemingly limitless needs and expectations for City services with limited resources. As these needs increase, it becomes even more important to estimate revenues with maximum possible accuracy. Finance Department staff have done thorough research, analysis and interviewing to attempt to make the revenue estimates portrayed herein the most accurate possible given the numerous unknown, variable and volatile criteria involved.

REVENUE MANUAL

REVENUE SOURCE: Real Estate Tax - **ACCOUNT:** 3011
Current and Delinquent

AUTHORIZATION: Ordinance 164783 of 08/27/07

DISTRIBUTION OF REVENUE: General Fund (Taxes levied for public health and recreation purposes are reported within the General Fund)

DESCRIPTION, RATE, LEGAL LIMITS:

Real Estate Tax is a tax on all real property subject to taxation within the corporate limits of the City of Independence, Missouri. The levies are for general municipal purposes, for the retirement of general obligation bonds, and for the public health and recreation grounds purposes.

The following is the assessed valuation of taxable property for Independence as of 1/1/07:

Real Property	
Jackson County	\$1,116,581,964
Clay County	2,030
Railroad and Utility Property	4,776,198
 Total Current Valuation	 \$1,121,360,192

The general formula used to figure real estate tax is as follows:

Assessed Valuation divided by 100 multiplied by Tax Levy = Tax Amount

Tax rates for general and public health and recreation purposes are limited by Missouri Statutes to \$1.00 and \$.40 per \$100 assessed valuation, respectively. There is no limit on the levy rates for the retirement of general obligation debt.

The levy rates established by Ordinance are as follows:

General Municipal Purposes Levy	\$.4463/\$100 Assessed Valuation
Public Health and Recreation	
Grounds Levy	.2102
General Obligation Debt Levy	<u>.0000</u>
	\$.6565 /\$100 Assessed Valuation

PROJECTION:

The estimate is calculated by combining preliminary real estate assessed values provided by Jackson and Clay counties with estimates of new construction provided by the Community Development Department. This total is then multiplied by the current levy, the result is reduced by a 1.6% county collection fee and 1.5% allowance for uncollectible taxes.

AUTHORIZATION: Missouri Statute – Chapters 151 and 153

DISTRIBUTION OF REVENUE: General Fund (Taxes levied for public health and recreation purposes are reported within the General Fund.)

DESCRIPTION, RATE, LEGAL LIMITS:

The assessment by the Missouri State Tax Commission is based on length of railroad track or utility lines as furnished by the companies and all other movable property owned or leased (real and personal property) in the City on January 1 of each year. The City certifies the levy rate to Jackson County. The County remits collected amounts to the City less 1.6% collection fee and ½% for their assessment fund.

The aggregate assessed valuation of railroad and utility property as of 1/1/07 was \$5,372,605. The City's tax levy is only on the real estate portion of the assessed valuation; personal property is not included. The general formula used to figure the tax is as follows:

$$\text{Assessed Valuation divided by 100 multiplied by Tax Levy} = \text{Tax Amount}$$

PROJECTION:

The estimate is based on historical data of both state and locally assessed real estate valuation of railroad track or utility lines in the City and the current rate of the tax levy. Consideration is also given to account for the new construction.
